Dear Colleague,

Your research proposal has been accepted for review with a COPIS member at our fall conference which will take place from October 17-19, at Georgia State University in Atlanta, GA.

Please return a one page hand out that includes:

1. Identifying information , including name, thesis advisor, institution, and contact information:
2. The research question(s) focusing the study, including hypotheses if a statistical study;
3. Methods and sources of data collection;
4. Anticipated findings; and
5. How the findings and conclusions of the study might influence future practice and research.

Please return this one page document no later than September 15, and be prepared to provide a 3-5 minute introduction at the session.

Please remember to register for the conference. We look forward to working with you.

James R. Kahrs
